The Roman Church, The Pope, The Clergy And The Roman Satanic Cult

Alexander Light April 25, 2014

The Year of the Mystery — Drama on Earth [Part 2]

Actors of the Earthly drama: The Roman Church, the Pope, The Clergy, the Roman satanic cult;

Story of the Earthly drama

A woman clothed with the sun, and the moon under her feet, and on her head a crown of twelve stars: The woman is the clergy Roman Church who wear long white 'dresses' with diverse colored mantles or cloaks, hats and some even have dainty shoes/slippers. The worship of this religion, its liturgy and rituals are founded on that of Mithraism, worship of the sun and so we can say she is clothed with the sun.

The ancient enigma of a constant, regular appearance, growth and subsequent disappearance is a visible symbol of life, death and rebirth within the church – this

represents not only the sun but also the moon as the shadow side of the sun's light; it reflects the mystery and fear within our souls.

The changing moon is particularly associated with women because of its regular twenty-eight day cycle and therefore, the moon's identification with blood is deep and incontrovertible, just like the church's. Almost everything in Catholicism and in Christianity rests upon the "blood of the Lamb".

> **However, concerning the main player of this drama on earth, the saying "the moon reflects to us all that we cannot see inside ourselves – we have to look into the mirror to see ourselves because we can never directly look at our own face".**

The moon upon which the woman in this revelation is standing, can be likened to the Roman Church

hiding her face from the uninitiated – those who are not ordained clergy; it also reflects the deep secrets, often called mysteries, of those who are the rulers of this worldwide religion. To have anything under one's feet is to have control over it.

In this instance then, for the church that is a woman to have the moon and its secrets under her feet, means that they are in control of the deep mysteries of the things of the night – things that are done in darkness and in secret – for so it happened in the first part of the drama in the heavens – the Moon gave birth to a child in secret when she was eclipsed by the Earth.

What (or who) is the head of this body, this woman? Our first answer would be that it's the pope but, think again – is he really the head? There are various documents, DVD's, radio talks, lectures made by people who had done a life-long research into this conjecture.

According to their reports, there is one person together with an organization that controls the pope and the clergy and that is the Order of the Jesuits led by the 'Black Pope'. To be crowned by something means to have received the rule or government or kingship from someone or something. The pope, as has every pope before him, received the leadership of the Roman Church and the Vatican from exactly this order, the Jesuits, the controllers of the entire world.

There are 12 stars on the head of the woman of our story as we have related in the first part of the drama in the heavens: twelve is a number that signify the government or rule of the world or the cosmos because 12 is a symbol of the cosmic order and we know the Illuminati or NWO wants to control and rule not only the entire earth but the cosmos as well. Interestingly the flag of the European Union has 12 stars and was chosen for the symbolism it represents.

To control means to exercise authoritative or dominating influence over something or someone; to have power, authority and dominance.

And being with child, she cried travailing in birth, and was in pain to be delivered. In Rome, the moon goddess, Luna, had a temple on the Aventine, confirmed by Ovid a Roman poet, who wrote in the 1st Century BCE, "Luna/Selene the Moon, rules the months. Luna closes this month's time with her worship on the Aventine Hill."

Pregnancy was measured out by the months of the moon, so the moon-goddess naturally came to be associated with childbirth. Lunar eclipses and the phenomena of the "red moon" were believed to be caused by the "evil magics of Thessalian witches, who drew the goddess down from the sky in order to extract her blood".

It was customary for villagers to beat cymbals at these times, to negate the witches' power and restore the goddess to the sky. A late classical development of her character, made Selene the goddess of lunacy. Another name for her, which we spoke of in the Introduction, is Ilithyia. [1]

The Roman Church has been pregnant with a great secret for very long – a secret that will be revealed soon to an astonished world. With the succession of one pope after the other and especially during the office of Pope Benedict XVI, this secret had begun to pain the Church so that she cried in travail to be delivered.

It was noted by people that Benedict reflected weariness in his last public appearances as pope. He gave a surprisingly intimate speech at his last general audience, saying the papacy had been a "great weight" on his shoulders; during the papal audience on the Wednesday of that week he asked, "Continue to pray for me, for the church, and for the future pope."

This state of weariness was described at that time by a Benedictine sister, "weariness is far worse than anger, far more stultifying than mere indifference. Weariness comes from a soul whose hope has been disappointed one time too many.

To be weary is not a condition of the body; it's a condition of the heart that has lost the energy to care anymore." During the time that the cardinals were preparing for the consistory of the new pope, one of them was asked about the mood in those meetings. "It is a time of thirst in the church", he said. [2]

Another week later, Cardinal Bergoglio was introduced to the world as Pope Francis. Looking a bit stunned, he bowed from the waist and asked the crowd before him and the multitudes watching on television to pray for him. However it is also known that, during one of the 'breaks' in the voting process, Bergoglio happened upon a priest known to him, somewhere in Rome's historic center.

Bergoglio grabbed the other man's hands and said, "I want you to pray for me." The final ballot showed Bergoglio was chosen – a surprising outcome and even if Bergoglio suspected something was up, few of the other cardinals did know beforehand. [3]

Different from the birth in act one of the drama, this birth happened during the conclave for the new pope. Most of those present, who were not part of the satanic sect within and among the cardinals, felt a weight rolling off their shoulders the moment the new pope was announced.

The virgin had given birth and all who attended the birthing process felt relieved. How do I

know this? Well, after Francis took over the office of pope, one of the Austrian bishops commented, "…the pope has brought about a change in atmosphere. One can breathe easier."

Former Vatican insider, Malachi Martin asserted that a "Satanic enthronement ceremony" took place in the Vatican in 1963. The result of this ritual meant the Vatican manifested what clerics refer to as the 'Superforce':

> **"Rumors, always difficult to verify, tied its installation to the beginning of Pope Paul VI's reign in 1963. Indeed Paul had alluded somberly to 'the smoke of Satan, which has entered the Sanctuary' – an oblique reference to an enthronement ceremony by Satanists in the Vatican. By the time John Paul ll became pope, the rites and practices of Satanic pedophilia was already documented among certain bishops and priests in Italy and the United States. The cultic acts of satanic pedophilia are considered by professionals to be the culmination of the Fallen Archangel's rites."**

Malachi Martin revealed more about this alleged ritual in one of his novels about the Vatican: in this story, he vividly described a ceremony called the enthronement of the fallen Archangel Lucifer that was held in St. Paul's Chapel in the Vatican; this ceremony was linked with concurrent satanic rites in the U.S.A. on June 29, 1963 – an allusion made not only by Martin but others also, whose descriptions were taken off the internet.

According to this author, a former Vatican insider and Jesuit priest, said novel was 85% based on reality and confirmed that the ceremony did indeed occur as he had described. He also said that more and more members of the clergy were becoming aware of the situation. [4]

I think we all agree that the apparitions at Fatima and other places on earth was some messenger from the stars whom the visionaries saw as the Virgin Mary. In a former article I have discussed a bit about the 'three secrets of Fatima', the last one about which there had been great controversy worldwide and the strong feeling that what the Church eventually revealed was not the truth or not the whole truth.

> **On 29 June 1972 Pope Paul VI stunned the world with the words, "From some**

fissure the smoke of Satan entered into the sanctuary." On 14 August 1976 the Messenger from the Stars appeared in Bayside New York to another visionary and said, "…and now there shall be a game of chess played. There will be bishop against bishop and cardinal against cardinal, for Satan has set himself in their midst."

On 13 may 1978 this messenger appeared to Lucia, one of the visionaries of Fatima and said, "How I warned and warned that Satan would enter into the highest realms of the hierarchy in Rome – the Third Secret, My child, is that Satan would enter into the Church"; and again on 7 September 1978 she said, "Satan, (Lucifer) in human form, entered into Rome in the year 1972. He cut off the rule, the role of the Holy Father, Pope Paul VI."

Is it any wonder then, that the chief exorcist in the Vatican, Father Gabriele Amorth, recently in 2010 exclaimed that the Devil is in the Vatican, of which the sex abuse scandals in the Roman Catholic Church are a proof of. According to Amorth, satanic possession has taken place even inside the confines of the Vatican, aided and abetted by "cardinals and bishops who are linked to the demon".

He added, "When one speaks of 'the smoke of Satan' (a phrase coined by Pope Paul VI in 1972), it is all true, including these latest stories of violence and pedophilia. Here one sees the rot". [5]

And there was seen another sign in heaven: and behold a great red dragon, having seven heads, and ten horns: and on his head seven diadems.

The color of the dragon seen by the visionary, John, was red. This color is, same as the known red planet Mars, symbolic of war, bloodshed and danger, while the dragon, or serpent as mentioned in some cultures, are worshiped for the fiery quality of its venom, similar to a fire spitting dragon.

The red planet, Mars, was in ancient times regarded as a malevolent agent of war, pestilence and apocalyptic disaster. In an attempt to appease the capricious planet-god, various ancient cultures offered it human sacrifices. What is there about this distant speck of light that could inspire such bizarre conceptions culminating in ritual murder?

And how do we account for the fact that virtually identical beliefs are to be found around the globe, in the New World as well as the Old? Many of the greatest mythical themes reflect ancient man's obsession with the red planet and Mars' prominence in ancient consciousness is directly attributable to the peculiar behavior of the red planet, which only recently participated in a series of spectacular cataclysms involving the Earth and various neighboring planetary bodies. [6]

Although this dragon of our drama could be any of the serpent-like constellations of stars such as Draco, Serpens, the Milky Way, or Hydra, we have seen in the first act of this drama, that the dragon was actually a monster called Saturn (Kronos in Greek, who ate and devoured all his children).

According to the story, the god Saturn stole the position of king of the gods from his father Uranus, the titan god of the sky married to Gaia, goddess of the Earth. Kronos seized power from his father after castrating him because Ouranos had prevented Gaia from giving birth to her children – he refused to cease coupling.

Their forcible separation enabled the creation of the world out of Gaia – this is not just a question of making a space in which mankind could live, but of creating the differentiations which distinguish cosmos from chaos. The Golden dawn of the tarot cards allocates to Saturn the qualities of wisdom and prudence, fate, death or the devil, the pope as the spiritual authority and the emperor as the secular authority. [7]

We have said that Satan entered the Vatican between the years 1962 and 1972, according to various sources. Being the father of the secret with which the woman was pregnant, he was shown to the visionary of John 12 although his identity, except symbolically, was not made known.

The red dragon with its many heads, horns and crowns represents a faction within the Roman Church and especially among the Roman curia, that worship Satan and commits satanic rituals in secret during which ritual abuse of little children takes place.

Those who have attended these rituals throughout the years have made certain that their number will not die out and so have ensured that new recruits continually be initiated into their circle.

These worshippers of Satan is called the Roman cult and "is a brutal and bloody cult committing child sacrifice, burning people alive (since the 11th Century CE) and requires demonic worship and absolute celibacy of its lowest priests". The epicenter for such evil is the giant Phrygianum atop Vatican Hill (now St Peter's Basilica) since the 2nd Century BCE.

Since 1123, the Catholic Church has been held hostage by a small band of families, who continue to hold the reigns of real power (the 13 bloodline families of the Illuminati-cum-Anunnaki, whose "security police" still is the Jesuits).

Year by year, century by century the original doctrine of both Christianity and Catholicism has been replaced with the heretical and evil doctrines of the Roman Cult, with Christianity helpless to stop them. The lies that have been told about and for the formation of the Catholic/ Christian religion are what enabled the Roman Cult to use and twist those lies even further in order to form the doctrines of the Catholic faith.

Out of the Roman cult that worshiped Magna Mater (Cybele) and the ancient demon gods of the Vatican, developed the Venetian Satanic Cult, founded by pope Innocent III around 1198. He introduced a whole new religion based on the most ancient and esoteric knowledge of the Sadducee High Priests who ruled such temples as Baalbek and Jerusalem and who worshiped Moloch and the demons of the underworld.

The Venetian Satanic Cult had a heyday during the Spanish Inquisition but reached the height of its power less than 80 years ago during World War II when they put into effect the greatest sacrifice of innocent people to Moloch, in history.

Over 18 million people were murdered in ovens both in Germany, the Soviet Union and Poland. In fact, the key sacrifice camps in Poland were deliberately positioned so they formed the largest Pentagram of Evil in history.

> **"All Popes from the 16th Century to this day have been members of the Roman Cult".[8]**

[NOTE: The author of the reference in the above paragraph is of the opinion that the Roman Cult ended when Francis ascended his papal throne] – an assumption that I do not agree with because is Francis not a member of the Jesuits?

We could rather say that with his papacy the black pope had become the white pope. In a further very recent case, it was reported that the bodies and embryos of aborted babies are used to feed the fires that warm the hospital where the abortions are done. [9]

And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born. The part of the vast kingdom of Satan (or the leader of the Reptilians) that is in the Vatican, forms but the tail of the dragon.

Dragons, however, have power not only in their teeth, but in their tails as well – the great serpent, which Attilius Regulus and his army fought with, not only destroyed many of his soldiers with its vast mouth, but dashed many to pieces with its tail.

In Act 1 we have identified the stars of heaven as the stars/planets and/or heavenly bodies that all have a role to play in our drama. Counting the 9 planets + a possible rogue planet somewhere as well as the moon and the sun we have 12 heavenly bodies; forming them in 4 sets of 3 each we have here, apart from Saturn, three very prominent ones throughout April into May 2014 and beyond: Mars, the Moon, the Sun (and two lesser ones in the constellation of Virgo – the star Spica and in Libra – her most prominent star called the "Northern Claw" (Beta Librae).

Casting to the earth means to bring them into the line of vision of observers upon earth, all that were happening in the wake of Saturn leaving the scene as he progressed on his way to Libra.

The expression 'third part' could have a number of spiritual/symbolic meanings – the number 3 is the most fundamental and first 'geometrical' figure: two straight lines cannot enclose or complete anything but three lines can as in a triangle.

All through Creation, the number 3 stands for that which is solid, real, substantial, complete and entire. Someone posted on the web the following:

> **"When a third part of the stars of heaven was casted to earth, the third part or essential part of the created order was destroyed. The symbolic meaning is that the completeness factor in all aspects fell apart, as the critical and essential link was broken". [10]**

The number three in Satanism is the first sacred, perfect number while three represents the Pagan Trinity, represented geometrically in a triangle. In other words a third of "the stars of heaven" would mean one out of three who form the pagan trinity in the Satanic cult of the Vatican.

Drawing the line from here back to our favorite scapegoat, the Roman Church, we can say that when the satanic Roman cult was in full operation in the church and in the Vatican, it gave the Church its spiritual character because from the papal chair standing at the head of the church are all rules, doctrines, laws and dogmas issued. So I believe it will broach no objection to say that the different bishops, priests and their congregations of the church collectively possess this spiritual character.

The Vatican is for any Catholic what heaven is to any other Christian and therefore the stars shining in the Vatican are those who dictate to the believers how they are to worship, etc. The only stars of heaven referred to in this chapter are in the crown of the woman, so it stands to reason that the third part of the fallen stars speak of those who are in the woman's crown, i.e. the pope who has received the leadership of the Church and the Vatican from exactly this order, the Jesuits, the controllers of the entire world.

Is it possible that a third of the popes through the ages were members of the satanic Roman cult? See what we read from the prophet Isaiah, "The ancient and honorable, he is the head; and the prophet that teacheth lies, he is the tail. For the leaders of the people cause them to err; and they that are led of them are destroyed."

This infamous tail of the dragon speaks loudly of all who have been speaking lies to the people and deceived them that way.

> **"We are amazed at some of the things taught of the severe tribulations we are evidently in today – they consist of the old, dead traditional teachings of yesteryear as well as the spanking new revelations that are hot off the grill, ranging anywhere from salvation by works and rituals to being glorified by awful diets of green mold that is supposed to awaken and revive the pineal gland" [11]**

[*Please smile, people].

Never forgetting that what was born has the characteristics of the god Mars, i.e. bloodshed, war and bloody battles, the worshippers of Satan in the Vatican is the 'dragon' on Earth who stood ready to whisk away from public knowledge the 'child' that was born and thus to hide its identity from even those in the know among the clergy.

Standing in front of the woman means that the dragon was trying to hide what will come out of the woman: the satanic presence in the Vatican was hiding what was to be born from the woman-church with the intention of devouring it as soon as it was born, i.e. absorbing it into itself.

Most bible and Christian commentators interpret this 'child' as the Christ, born from the very Catholic "ever virgin" Mary, but I have been shown that it is another child that was born in the period between pope Benedict removing himself from the scene and pope Francis appearing on the scene.

The act of devouring or swallowing also, in my opinion refers to hiding something for good and making sure no one will know what was born. This is what happened for to this day nobody can really tell why Benedict resigned and why Francis, a Jesuit, is so liked and applauded for his exceptional performance as a pope.

And she brought forth a man child, who was to rule all nations with an iron rod: and her son was taken up to God, and to his throne. And the woman fled into the wilderness, where she had a place prepared by God, that there they should feed her a thousand two hundred sixty days.

Yes, the prophecies of all the different cultures and religions related that this 'Christ'-child would be a man child. But if we allow ourselves for one moment to imagine that the Christian savior born in Bethlehem would one day "rule all nations with a rod of iron", we immediately see the delusion in this statement because the man they are depicting as their coming savior is someone who will be called the 'Prince of Peace' – someone during whose reign "the wolf will dwell with the lamb and the leopard will lie down with the young goat…also the cow and the bear will graze, their young will lie down together…"

The child brought forth by the Vatican was also a man child, whose identity the satanic faction hid by trying to devour it. I'm certain if you very strongly want something to be what it is not, that thing will become what you want it to be. Christian writers, who see the

gospel in the skies, propose that the constellation of Coma Berenice, lying between Virgo and Leo, is the child that was born from the virgin, the Christ-child. This constellation is commonly called Berenice's Hair.

In the course of my research for this article, I happened upon a piece written by someone who had a dream wherein she was shown the constellation Fornax over and over again; in the dream she heard "the constellation Fornax – look for the criminal."

Like the dreamer, I too searched and found that there is a constellation called The Constellation of Crime (Coma Berenices), referred to as the Constellation of Stolen Hair and also The Wig Constellation! [12] The Constellation of Fornax lies in the southern hemisphere of the sky and its name means "the furnace" in Latin.

A further search brought me to the following from the prophet Isaiah, "… Therefore the Lord himself shall give you a sign; behold, a virgin shall conceive and bear a son and shall call his name Imma-nu- el." Onto something here that I have many times wondered about, I broke up the word Immanuel into three parts and found the following:

'Imma' is an Arabian word that refers to a turban, a headdress, a woman's head covering and a miter such as those worn by the pope; 'nu' is a Yiddish/Jewish expression of surprise after an agreement has been reached –"well?"; 'el' is not only the Hebrew but also the Phoenician, Canaanite and other names for god. Who is this god and his throne?

Seeing that the lives of kings and men were ruled by the stars and their movements, I think it will be appropriate to answer that the Supreme Creator in his almighty wisdom has decided to hide the identity of this child among the stars of heaven until such time when he deems it fit for the child to be revealed to the world of kings, popes and men.

What can I add but: "nu?"

And the woman fled into the wilderness, where she hath a place prepared of God that they

should feed her there a thousand two hundred and threescore days. In the early evenings between 8 and 20 March 2013, two comets were seen in the sky inside the orbit of Mercury who, according to my first article on the stars, are called the Messenger of the Gods: so, we have here in the days while the voting for a new pope was going on in the Vatican as well as just after the new one was chosen, three messengers from the gods!

> "Comets have inspired dread, fear, and awe in many different cultures and societies around the world and throughout time. They have been regarded both as omens of disaster and messengers of the gods. But the influence of comets is not limited simply to tales of myth and legend for throughout history they have been blamed for some of history's darkest times such as earthquakes, plagues, etc.
>
> "Although most modern human beings no longer think of comets as portents of disaster, the sight of a comet still inspire fear everywhere around the globe. The United States even set up the Near Earth Asteroid Tracking (NEAT) program specifically to guard us from these 'divine' dangers. Since science and reason led the fight against this fear, science and reason will unlock the secrets that they hold". [13]

What better place is there to hide but in the place least expected by anyone especially one's enemy? The woman in part 1 of the drama in the heavens fled to the constellation of Libra. Libra mythology is tied together with the Virgo myth, which has to do with the figure that represents the Virgo, the star goddess Astraea.

The scales that represent the Libra constellation belong to the figure of the constellation Virgo and this then, stands to reason that the figure in Virgo must have to do with justice, balance and temperance, as well as the dark side, which is essentially the opposite of those traits. The big explanation that ties it all together is that Astraea was a virgin goddess of justice and a primary caretaker of humanity (the true meaning of Virgo). [14]

The virgo myth should not be interpreted as a woman who is a virgin, but rather a nurturing woman who is a mother to all of the earth, just as the Roman Church calls herself the mother of the faithful because she is the one who nurtures them. Logically, virgins cannot be mothers, though when you get to Catholic mythology you find the virgin Mary giving birth to the messiah. According to this particular myth, when the validity of it is

questioned all we are told is, 'it's a miracle' (typically Catholic).

The roots of the symbolism of Virgo as the earth goddess holding a spike of corn can be traced to the ancient Mesopotamian period (maybe the Sumerians?) where the Sun's passage through the sign marked the period of harvest in early spring, just as the first signs of corn appeared above the ground.

By the classical era the Sun's transit through the zodiac sign had taken precedence and Virgo became more directly perceived as a Maiden of fruition through the Harvest – some have argued that the constellation depicts 'the woman and her seed', with the palm branch being seen as an ancient symbol for the seed. Thus, it is not strange in the least that the alpha star of Virgo is listed as Spica, meaning in Latin 'seed cluster' and in Hebrew is called Zerah, meaning seed.

With Libra connected to Virgo through the scales, Erigone (Libra), who reigned with Justice over a bygone age and fled when it fell into sinful ways, at her rising bestows high eminence in the form of supreme power; she will produce a man to direct the laws of the state and the sacred code; one who will tend with reverence the hallowed temples of the gods. Through Manilius, we see the stars of Virgo defined as relevant to civil and ecclesiastical law, ingenuity, intellectual capacity, discerning judgement and discretion. [15]

Now, the Catholic Church, may I say fortunately, does not consists only of those at the Vatican, but most of her clergy are spread across the length and breadth of the world. Many of them do not belong to this previously mentioned satanic Roman cult nor do they know anything about it – they are just ordinary people who have, like their church members, been deceived to believe what was told them about the Christ-savior and that is the message they believe they are carrying into the hearts of their 'sheep'.

However, it is also a fact that the higher a member of the clergy go up the ladder of the hierarchy, the more he becomes privy to the secrets of the Vatican – for this privilege the higher-ups are forced to lay down an oath that they will never divulge those secrets, no matter what. Again, many of those who laid down this oath did it because they truly believe in their church and that its rulers at the top know what they are doing, being 'vicars of Christ'!

Although the Roman curia of the Vatican, whom I named the woman discussed in this

prophecy of John, has given birth to a terrible thing that is still a deep secret, the entire Catholic Church, the rest of Christianity and the world are in for an almighty surprise. All are being prepared "for a time, and times, and half a time", until the one(s) who rules and regulates the happenings on earth – the holographic projected reality – will send into this hologram the last test of the time of probation for all incarnations currently ongoing.

Being in the wilderness means that most of the church, except for a third of their leaders at the top, know nothing of what has happened or of what will happen in the near future – they are not let in on the secret, not even all the bishops and archbishops (so much so for laying down an oath, eh?). But this wilderness is the place prepared for them by the Supreme Creator who also has a deep love for those who have not yet awakened to the call of total enlightenment.

He has prepared them a place with the knowing ones, the seers and prophets who are NOT religious or part of the Vatican. By the time they enter this wilderness-place there will not be any paths leading back to their former lives and theology – where they had been would have become a wild place, a place where they are no longer wanted or tolerated.

The "they" that will feed these fleeing clergy, are those chosen from amongst the awakened and highly evolved souls, who will during this time feed the fleeing ones not only with food but spiritually with real truths.

And when the dragon saw that he was cast unto the earth, he persecuted the woman, who brought forth the man child. And there were given to the woman two wings of a great eagle, that she might fly into the desert unto her place, where she is nourished for a time and times, and half a time, from the face of the serpent.

The cult of Satan is not confined to the Vatican only – the following story will tell you why: the Roman god Saturn (Cronos in Greek) is the god of witchcraft, astrology, potions, divination and false prophecy.

For the Babylonians as well as the Romans, the 'star or sign of the sun god' was the planet Saturn; it is the sixth planet out from the sun and the Chaldean (Babylonian) number for the deity that would come to be known as the Roman god Saturn was 666.

The Phoenicians and Scythians called the Roman god Saturn (Moloch), which means king

and worshiped him by sacrificing their children in fire. According to the Phoenician philosopher Porphyry, in his time about 200 CE, some Greek cities continued to sacrifice their children in the fire to the Roman god Saturn. This 'god' makes you a slave to time, controls the harvest and demands the sacrifice of your beloved children.

This casting onto the earth was not really onto the surface where Gaia dwelt and ruled but inside the earth where Tartaros ruled. Tartaros was a place as well as a primordial deity, also called the Pit, the great dark void beneath the earth. Here below was the gloomy, storm-wracked prison of the erstwhile Titans, lying as far beneath the deepest recesses of the flat earth as the sky lay above the earth. This is where the erstwhile Anunnaki now dwells.

When Benedict moved out of the public eye and Francis took over the reins he, instead of preaching hell and damnation, spread a message of love, faith and hope, forgiveness, mercy, prayer and devotion. He made remarks such as "…defend us from the snares of devil" and advocated in word and deed an example of poverty.

This is not what the worshipers of Satan (the dragon) in the Vatican and elsewhere want to hear for, according to them, the child who would rule all nations with a rod of iron was born and it was time to start introducing this future ruler to the churches and the people of the world – not with mincing words of having someone to protect us from the devil, etc., but with thunderous words of revolution to make an end of Christianity; of revealing to the world the coming of an alien race that will establish and restore a global kingdom of which he himself is the god again; of enslaving the human race as they had been in the beginning of their history on this earth.

What the dragon in the Vatican do not realize is, what he wants is exactly what the new pope is doing, i.e. preparing the world for the new political and religious order of the world; he's doing it 'Jesus' way, by "turning the other cheek; walking the extra mile; do unto others as you want them to do unto you", etc. In other words he is trying to teach the world to be meek and non-resisting for the time when the oppressor will ascend the world throne.

Most people, whether Catholic or not, could not figure out what exactly the new pope was up to but it soon became apparent that what was expected of him by those puppet

masters behind the scenes, was exactly what he did and still is doing. When he started his reforms in the Vatican, he conformed to what the dragon wanted – he persecuted the woman who brought forth the man child.

As we have stated a few paragraphs above, there are some of the clergy in the Catholic Church who, although part of the hierarchy and have made an oath not to reveal the secrets they are told, nevertheless are still in a ministry where they are genuinely believing and preaching what they were taught – that the Messiah will come as the returning Christ, to set up his 1000-year kingdom to finally usher in a golden age that will extend into eternal life for all who have been good Catholics.

Yes, there are genuine people out there, in the world of men, who are deep Christians and deep Catholics – good people: the salt of the earth, as the good book calls them. But, what the adherents and advocates of the Satanic cult really want, is that these people described above, be the ones to be persecuted; they are a danger to this cult because they are true to and holding onto the one called Jesus.

And so it will happen: bishops, priests, pastors and ministers may lose their positions as leaders of their communities; they may be branded as scapegoats for the failures of the Church in general – failures such as the still ongoing child abuse scandal and many more. It is of them that the prophet wrote that "they will be carried aloft on eagles' wings" because they have not left their sinking arks but stood at the helm steering it courageously through the waters of this evil flood.

Like eagles themselves have they "hovered over their young"; had "spread their wings to catch" and protect them and therefore they themselves will "rise up with wings of eagles…"

Great Spirit, Source of All that Is, does not sit on his throne in the highest dimension watching placidly the games that humans play in this holographic reality. No, he is busy with all that are of his making – guiding, teaching, defending and protecting those that are his. He is all wise and all knowing for it is he who had made the rules of this game of which all of us are the players.

He knows, as soon as the persecution starts in all earnest by factions incited by those in control through looting, raping and killing, some who is now faithful will cave in under the pressure, reasoning if you can't fight them, join them; he also knows that a few will not

cave in and I think it is for such that we read, "…but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation make also the way of escape, that ye may be able to endure it".

It is here in the wilderness away from the eyes and knowledge of the serpent, that these genuine people will finally be awakened from their deep narcotic sleep of delusion. It is here, in places and with people prepared to receive, feed, heal and hold them that they will begin to receive the Truth and Love of All that Is.

And the dragon cast out of his mouth water as a flood after the woman, that he might cause her to be carried away of the flood. And the dragon was wroth with the woman, and went to make war with the remnant of her seed.

We have been taught that what comes out of Satan's mouth, are LIES and therefore the lies coming out of the dragon's mouth are false interpretations of truth as well as false accusations: confusion with too many versions of what is really the truth and what to believe or not to believe about the Church, its leaders in Rome and its diocesan bishops and priests.

These lies – the water as a flood – will be and surely already are the branding upon those of the hierarchy in the lower echelons of power by their own people. As an example allow me to mention a controversy to do with the child abuse crisis among bishops of the Roman Church: one bishop, probably acting according to rules laid down at the time on what to do in case of a child-abuse case, recently became the scapegoat as soon as the church saw the tide beginning to turn against them and the perpetrating bishop is no longer protected. A newspaper tracked the perpetrating bishop, already retired, down in a town where he apparently was still having an 'active lifestyle'.

The 83-year-old bishop responded, "To say I took no action is wrong". Giving evidence to the inquiry a few months later, the leader of the church in that particular country said he (only) discovered in the last few weeks that said bishop had destroyed documents – a declaration that was confirmed by a second bishop, now also retired, in the same diocese.

Amazingly as it may seem to the reader, the higher-up of the perpetrating bishop was himself a bishop of the same diocese during the time that no less than four priests were active abusing children sexually. Was he quizzed about his time there by the Inquiry of the

Crown?

> A local newspaper reported: "It was expected […] would be asked what he knew of their child sexual abuse but he was not quizzed on this at all. Instead, he was asked to publicly denounce former […] bishop […]"

The only one who saved the situation somewhat for the first perpetrating bishop and by what he declared, shows the true nature of a child of Truth, the present bishop of that selfsame diocese.

Although the example shown above is an open branding in front of witnesses in public – an example that makes one think of the legend about Adam, Eve and the snake in the Garden of Eden when quizzed by God, how the one laid the guilt upon the other – most such brandings that does not happen openly but, as is the way of unregenerate man, happens by whispering from behind a hand into waiting ears and soon a flame is kindled that is fanned by more and more and more until a roaring fire rages of slander and gossip and lies.

This is the way of the "water as a flood" and from such a flood there is no turning back to defend oneself: it is the age-old adage of divide and conquer. The only thing such a man can do is to flee – flee into the waiting arms of those who truly care and are ready with the healing balm of Great Spirit.

To make war with the remnant of her seed would then mean that after he has been thwarted by the remnant of the religious clergy, the true seed of Catholicism and Christianity, fleeing from him and hiding in places where neither he nor his policemen can find them, he now turns his wrath upon exactly those whom he had incited to smear the names of their innocent (well, almost) brothers and confreres, to make war against them. These are not only the fellow priests, bishops and pastors but also the lay people of the various Christian groups and denominations – the fruit of that seed.

Influences involving promotion through benefits associated with matters of civil and ecclesiastical law, are strongly evidenced within the meaning of particular stars, especially in the case of the main star of Virgo, Spica. This is a brilliant white star marking the ear of corn in the maiden's left hand.

As was generally the case in ancient astrology the principle star characterized the entire constellation, which was known as the 'most dedicated wife' and as 'being solitary'. This visible isolation has contributed to a reputation of being unfruitful or unfortunate for marriage, but otherwise Spica is considered a very fortunate star, particularly for those concerned with sciences, law or religion. [16]

A last word

The Lyrids our last actor of the drama in heaven is also one of the actors on Earth. The Lyrids is a meteor shower that falls from the comet Thatcher as the Earth passes through her tail. Activity from the Lyrids meteor shower in April (our month that is portending so much coming disasters), can be observed between 16 and 25 April with the height of the activity will be in the late night of the 21st to the early morning of the 22nd of April.

The constellation they radiate from is that of Lyra the Harp – a small constellation with its brightest star, the fairly famous one called Vega, also called the "Falling Eagle". [17] The ancient Egyptians called meteor showers the "stones of heaven", which makes one immediately think of what the prophet said of the king of Tyre when he was judged, "… you walked in the midst of the stones of fire…" (The king of Tyre is an allegory for the biblical Satan/Lucifer).

We have ascertained that the dragon is the satanic roman cult, of which some of the Roman Catholic clergy in the Vatican and elsewhere forms a part. The woman is the papacy together with its worldwide body of priests, religious, monks and nuns as well as bishops and archbishops, while the child is that great secret that cannot as yet be fully revealed because the current pope must first prepare the believers and the world for its identity.

We have also said that the new pope did what the dragon wanted by starting to persecute the woman who brought forth the man child, by making use of "a sleight of hand". Without anyone realizing it, except the pope and his puppet masters, slowly but surely he is preparing the bishops and priests, the body of lay people, the youth and even people who are branded as atheists, for the coming savior of the world, the popularly called Antichrist.

Still, the dragon is angry with the woman. Why? Because once their ET-savior has been revealed the papacy, under control of the Jesuits, is planning to put him up as the king of

the whole world under the control of the Vatican and thus of the pope.

This is not what was planned when the foundations of the world were founded – no, it should be the other way around, according to their reckoning! And so in their turn, the dragon as underground leader of the reptilians, is also busy with his own puppet show with which he is aiming to usurp the power and control that the papacy, the Vatican and the Jesuits have over the rest of the world.

However, if you want to rule all life on earth through the stars of heaven you have to make sure what each of these stars portends, for you will be judged according as you have lived.

So, what with a blood moon, prominent stars and planets, meteor showers, comets and two eclipses, an astrophysicist notes of the last in the list of happenings in the heavens all in the one month of this year:

> **"In many ways it makes sense that eclipses would be seen as bad omens. For most early cultures, the sun was seen as a life-giver, something that was there every day; so something that blots out the sun was a terribly bad event, filled with foreboding." [18]**

Could this be the signal for the start of the coming persecution? We will have to wait and see but we have to remember that all will be persecuted and therefore to now say that this or that religion or movement is bad because they do this and that is just not in the cards for it still boils down to judging your fellow man.
